

Case Study – Hotel & Restaurant Organization.

Having multiple Hotels & Restaurants in different cities

Key Business Challenges – Customer

- ✓ To manage the consistency of the Internet Speed & availability.
- ✓ To share free Wi-Fi to the customers & store the data of Wi-Fi usage.

Our Solutions were primarily focused on Do More With Less.

- ✓ Access Point Solution with a Failover Load Balancer.
- ✓ Radius & Voucher Management Solution.

Business Benefits -

- ✓ Now authenticated users can access the Wi-Fi as per the voucher limit.
